PO Box 1450
Alexandria, VA 22313-1450

Sir:

Enclosed herewith is a Certificate of Correction in connection with the above-identified patent. During a review of the patent file, it is noted that an error appears in the printed Letters Patent document in the claims section, namely, claim 1, line 10 where the word "rotatable" should be "rotatably". Thus, the phrase "said eccentric axle (1) is fitted rotatable in the second hole" should read "said eccentric axle (1) is fitted rotatably in the second hole". It is noted that this error is a typographical error on the part of the Patent Office.

Applicant respectfully requests a correction of this error in the patent file and requests that a Certificate of Correction issue identifying the same.

To this end, Applicant submits that there is no fee due in connection with the present Certificate of Correction. The Commissioner is hereby authorized to charge any underpayment or credit any overpayment to Deposit Account No. 23-0920. A duplicate copy of this sheet is enclosed.
